Chapter 1

First of all there are 10 of us cats in this story. Are names are Mona, Jack-Jack, May-May, Sox, Pumpkin "I'm the cute one!" "Pumpkin we are all cute." said May-May. Sorry about that, the rest of our names are Domino, Cash, Max, Stormy and Marsha. "Sorry about that interruption, Pumpkin just thinks that she is so adorable." said May-May. "I hear food!" yelled Sox. Then all of the cats ran over to the food. It was so crowded not even one cat could get to the food. Then Pumpkin made a fast disition and said that she should go first. Once everybody finished eating somebody came outside with a brush. They reached for May-May then started brushing her.

To make a long story short, May-May did not like it, at all.

Chapter 2

"Well, I'm glad that's over!" said May-May. Just then somebody else came out of the house. "Look another human, I bet its gonna take me to the vet, RUN!" yelled Max. But the human was not reaching for Max, it was reaching for Sox. Then the human put Sox in a kitty carrier. "HELP! I'M TRAPPED!" yelled Sox. "Come on back Max, the human is back inside and took Sox, not you." said Cash. "No!" mumbled Max.

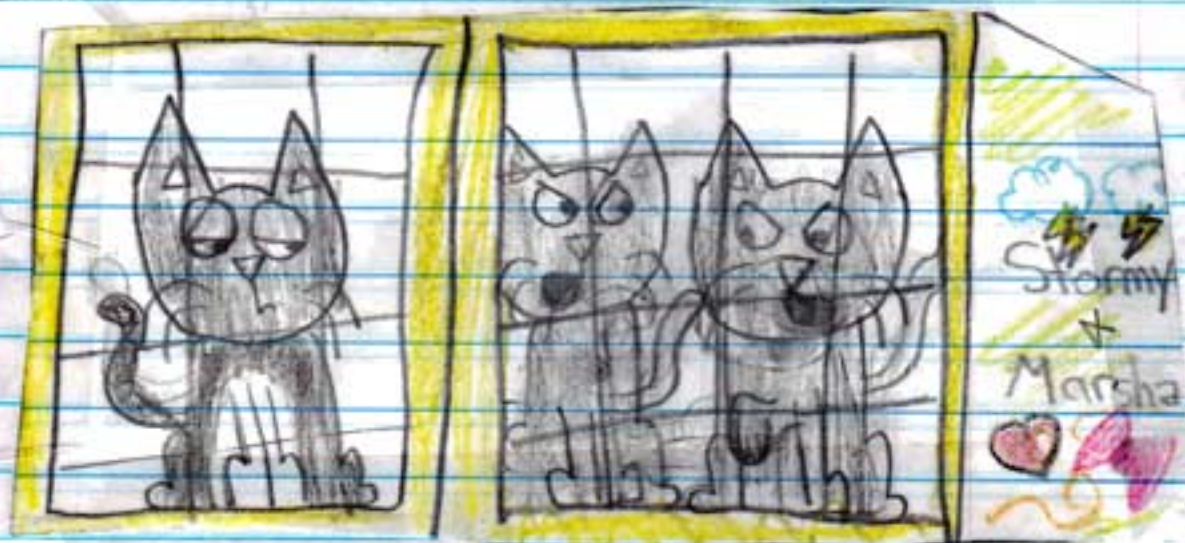

Well After that another human came out. "TAKE COVER!" yelled Max. The human reached for Stormy and Marsha. "HELP US!"

yelled Stormy and Marsha at the same time. "Oh well, I guess we will all have to go to the vet if we want to or not," said Sox. "Stop your pushing!" said Stormy. "Hey I'm the one who needs room, I'm a girl!" yelled Marsha. "Well than why don't you just tell the human to buy a special carrier just for you, oh yeah, you can't because they can not understand you!" yelled Stormy. "Hey you are the one being rude, move over!" yelled Marsha.

Then Stormy and Marsha just kept on fighting for room in the tiny carrier. None Stormy or Marsha liked that tiny carrier and they both wished that someday they would get thier own carrier like all of the other cats.

Chapter 3

Meanwhile Sox was tired of all of the yelling. "Be Quiet!" yelled Sox. Sox just wanted all of this to just blow over.

Sox thought it would take forever for them to arrive at the vet. Once they finally arrived at the vet Sox was happy and sad at the same time. Sox was happy because he could finally get out of the car to get away from Stormy and Marsha. He was sad because he knew that there were dogs inside and also he did not want to get his shots, they hurt a lot. Sox's mind was flowing like a stream with tons of question he wanted

to ask the humans but he knew the humans would not understand him. Why do humans take cats to the vet? Do humans have to go to the vet? Do humans know how much shots hurt? Sox thought.

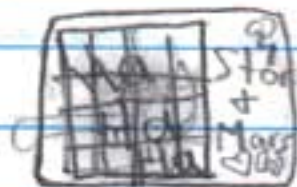

Well there was no time to think now because Sox was the first one to get his shots. When they got inside there were a lot of dogs. As they waited in line to be called Sox thought about getting his shots. When they finally got called they went inside and they took Sox out of the kitty carrier to get his shots. Sox did not like his shots, at all.

When Sox got weighed he saw that he was 12 pounds. "Yikes!" thought Sox. "I've got to go on a diet."

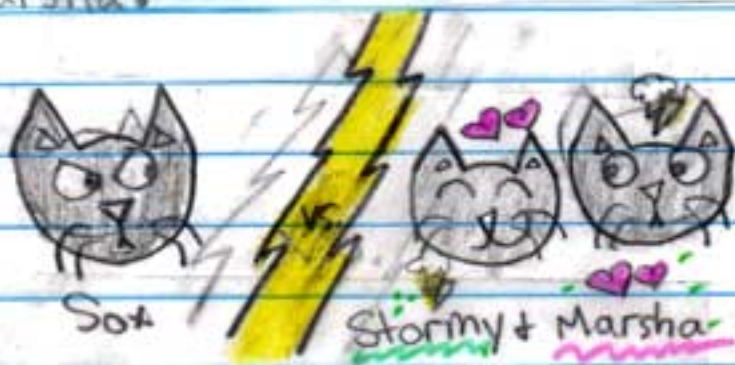

When it was Stormy and Marsh's turn they did not like their shots either. But they only weighed 6 and 7 pounds. Like you probably guessed, Stormy was the one who weighed 7 pounds and Marsha was the one who weighed 6 pounds. Then the vet told the human that Sox had to lose some weight, so they bought Sox a collar and a leash. Sox thought that this was strange because a leash is for a dog, not a cat. After they got the leash on Sox everybody started laughing at him, even Stormy and Marsha!

Then right then and there Sox said to himself, "I am going to get them when we get home."

Chapter 4

Once they got home the human unclipped Sox's leash and took off his collar, and then the chase was on. All of the other cats must have figured out that Sox was gonna chase Stormy and Marsha because Jack-Jack was yelling out loud "Choose a side, it is time for the battle of the ages with Sox vs. Stormy and Marsha!"

So then Sox started chasing Stormy and Marsha. And then Sox chased Stormy and Marsha, right to where the humans kept the dog. "Turn around, Turn around!" yelled Marsha. So, from then on Sox chased Stormy and Marsha until it was night time and man, did Stormy and Marsha learn their lesson on laughing at Sox, or at least for now.

Chapter 5

After that big chase there was one more problem. "Uh guys, I don't mean to make another problem but..... there is a BOBCAT!" screamed Mona. "I will save you!" said Jack-Jack who is always thinking that he is super-strong, mean and brave.

Well Jack-Jack did not even last a minute.

Oh for crying out loud!" said Marsha.

"Don't worry Jack-Jack, I got this." said Marsha. "Yeah right!" said Jack-Jack.

"We never knew that you could meow like that!" said all of the cats at the same time. "Well I can, you just never bother to ask me." said Marsha. "Now Stormy, after saving you, you have to be nice to me for the rest of the week." said Marsha. "WHAT!" said Stormy, alarmed. "What day of the week is it?!?!?" said Stormy. "Hmmm, let me think, Sunday." said Marsha. "NOOOOOOO!" yelled Stormy. "Fine." mumbled Stormy.

Chapter 6

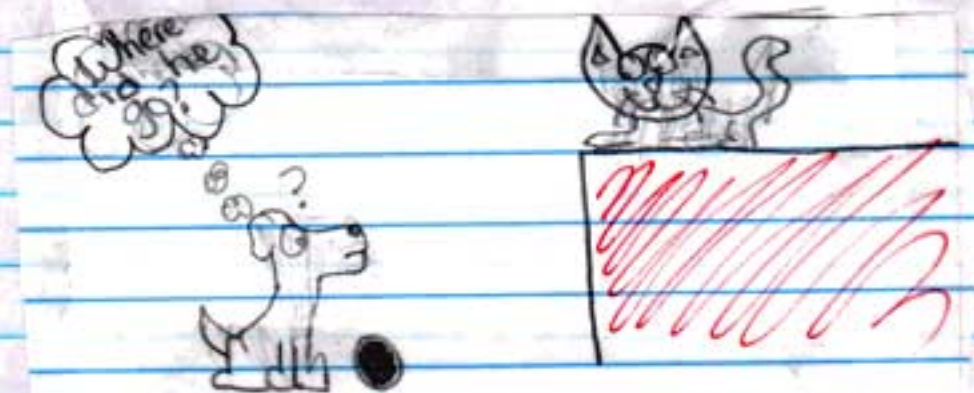

Well Stormy almost fainted on Thursday but he survived the whole week. After the week was finally over Stormy really wanted to go have some fun. So he went to where the donkeys were and he got on one of thier backs. If you were wondering what Stormy was going to do some donkey-back riding. (Cats don't try this at home.)

Boy, did Stormy have a lot of fun. But that was not enough fun for Stormy. So he decided to go play some tricks on the dog. Turn the page to find out what he did.

If you were wondering what Stormy did he made funny faces at the dog then ducked down and looked through the two little holes at the dog. But it was still not enough fun for Stormy. So he went over to the dog's ball and threw it. The dog chased it right away then brought it back. Then Stormy threw the ball again then ran away and hid.

Well Stormy decided to take a break because he was a little hungry from

all of the fun. So he went to get something to eat.

When he got to where the food was kept May-May was eating. So Stormy had to wait 10 minutes to eat. When Stormy finally jumped up for his turn all of the food was gone.

So Stormy went to the door and yelled. Then the door opened and a human was there. But all the human could hear was meow, meow, meow. So then the human went back inside and came back with some food. It was Stormy's favorite kind of food, Crunchy Kibble. Stormy stared in amazement. The cats only got this on special days. "Who cares!" said Stormy, he just wanted

to eat some of it.

"Yum!" said Stormy after finishing his meal. "I love this food," thought Stormy. "This is the best day of my life!" said Stormy. Until something startled him. "MEAW!" Stormy wondered what that noise was. "MEAW! MEAW!" It was Domino!

Chapter 7

"Why are you doing that?" asked Stormy.
"Just to bug you, am I doing a good job?"
asked Domino. "You are doing a very good."
said Stormy. "So will you please stop?"
asked Stormy. "Why?" asked Domino. "Because
it is bothering me." said Stormy. "Well than
go away and go somewhere else if you want
me to stop because I'm not stopping."
said Domino. So Stormy went somewhere
else and left Domino there doing "MEAW!"
all by himself.

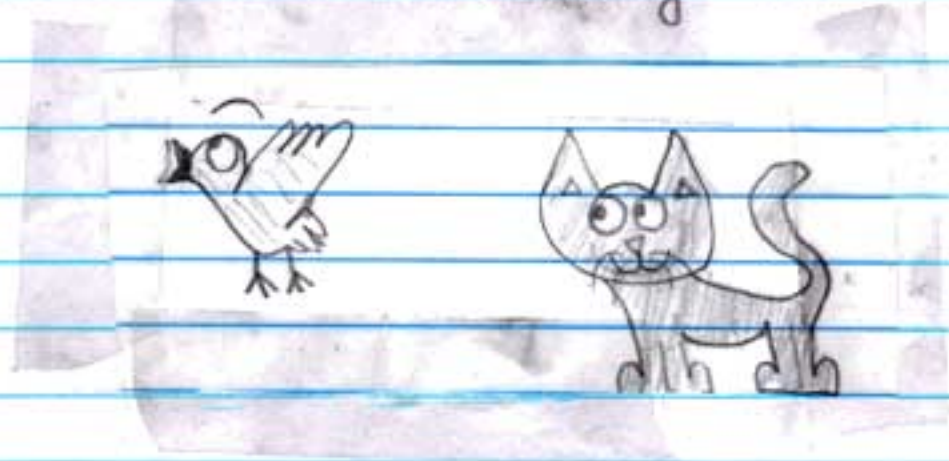

So then Stormy started thinking
about what to do next. Then he thought of
something, he thought of going to the woods.
He had never been in the woods before, but
he had always wanted to. So Stormy walked to

the woods and stood at the entrance. "Well here I go." Stormy thought to himself.

Chapter 8

So Stormy went into the woods. First he went to climb some trees that were the size of a giant. He had a lot of fun climbing trees. When he was up in a tree he saw a bird. Then he chased the bird out of the trees and onto the ground, then the bird flew away. Stormy had a lot of fun chasing that bird.

Then Stormy got hungry again so he went to get something to eat. He did not go back out of the woods to eat because he was having too much fun. So he went to look for food in the woods. Stormy found some berries in a bush, he got some honey from a beehive, and he found and killed a bird. Then he gathered it

all in one place and sat down for his meal which he thought was going to be very yummy.

"Yum!" said Stormy once he was finished eating. Then Stormy decided to go back home. But then Stormy realized that he did not know the way home. Stormy started to panic, it was almost night-time and he had heard stories about it being dark and scary in the woods at night. So Stormy started yelling for help and he hoped that someone would hear him. "HEEEEEELLLLPPPP!!!" yelled Stormy.

Chapter 9

Meanwhile Domino was just walking around and he saw a red ruby just sitting there on the bare ground. Domino had heard stories about rubys being very valuable. Domino thought that he was now rich.

So Domino picked the ruby up in his mouth and started running around like a happy pink pony. Until he dropped it. "Oh no!" said Domino. "Whew! it is not broken!" said Domino. Then Domino started running around again only he was like a happy hippo. Then Domino started thinking about what he should do with his ruby. There were a lot of things he could do, keep the ruby and brag to the other cats, buy a lifetime supply of kitty treats. There were so many things he could do with his ruby but something

disturbed his daydreaming. "Help!"
Domino was wondering what that sound
was so he went to the woods to find
out.

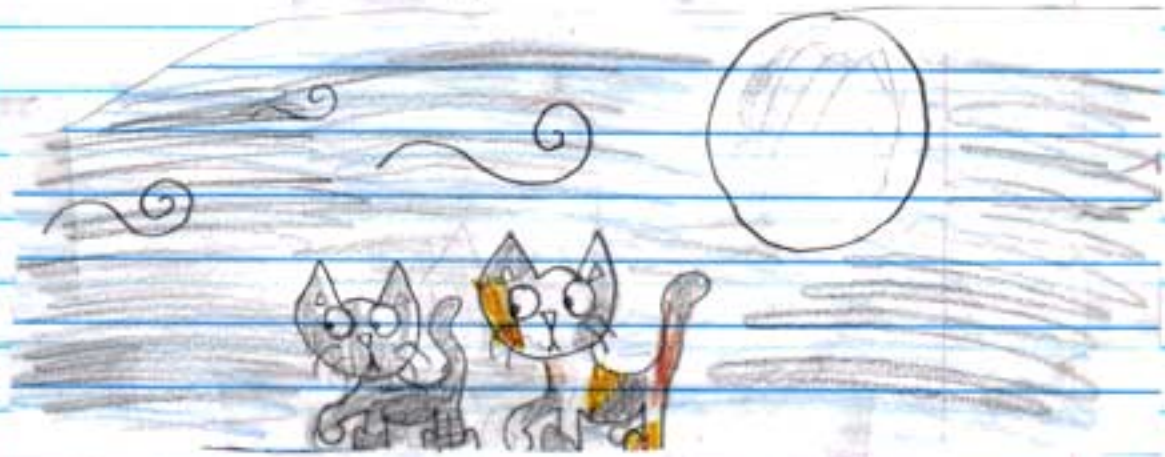

Domino found Stormy! "Let's get out
of here!" said Stormy. "Ummmm, Stormy, I
have something to tell you." said Domino.
"What" said Stormy. "I don't remember
the way back." said Domino. "YOU WHAT!"
yelled Stormy. "Great, now we are both
stuck back here." said Stormy.

"HELP!"

! yelled
Stormy and
Domino.

Chapter 10

"Help!" heard May-May and Marsha while they were just sitting out in the dark. "Sounds like Stormy and Domino yelling for help" said May-May. "Let's go help them," sighed Marsha. So May-May and Marsha set out to find Stormy and Domino on the cool evening.

Well, May-May and Marsha did find Stormy and Domino, but it took about an hour. "Let me guess, you don't know the way back," said Stormy. "Yep," said May-May. "Great, now all four of us are stuck in here," said Domino. So all four of them yelled for help.

"HEELLPPP!" yelled all of them.

Back at home Cash and Max were thinking about what they should do. "So what do you think we should do now?" asked Cash. "I don't know." replied Max. Help! heard Cash and Max. "How about we go help them." asked Cash. "Okay." said Max. So Cash and Max went to help Stormy, Marsha, May-May and Domino.

"Cash, Max!" yelled Marsha. "You don't know the way back, right?" asked Stormy. "Yeah." said Max. "Oh come on!" yelled Stormy. So all of the cats yelled for help. "HELP!" yelled all of them.

That just kept on going until every cat was in the woods yelling for help except for Mona, the smart one.

Chapter 11

Help," heard Mona. But because Mona was smart she brought some food to find her way out. So Mona went to help all 9 cats. As Mona was walking she dropped little pieces of food on the ground.

"MONA!" yelled all of the cats at the same time when they saw Mona. "Let me guess, you don't know the way back?" said Stormy. "Nope, I DO!" yelled Mona. "Yay!" yelled all of the cats.

So all of the cats followed Mona back home. When they finally got home all of the cats gave Mona a huge thank you. "Stormy!" said all

of the cats. "Yeah." said Stormy. "I hope you learned your lesson on going into the woods." said Mona. "You can say that again!" said Stormy.

Chapter 12

"After that big adventure it is time to say good bye." said May-May.
"Goodbye!" said all of the cats. "Well it looks like everything turned out okay." said May-May. (Until) "Ouch, I think I broke my paw!" said Stormy. "Stormy!" said all of the cats. "Grrr, I just wanted to end the book with a happy ending, not you breaking your paw!" yelled May-May.

Well, by the time we make Crazy Cats book 2 lets hope Stormy's paw is better.
"Bye, see you next time on Crazy Cats!"
